BUILDING TOMORROW'S AVIATION HISTORY TODAY

The Ninety-Nines, Inc. is an international organization of women pilots in more than 40 countries. While the majority of its members live in the United States, the organization has been international in scope since its founding.

The organization was founded November 2, 1929, at Curtiss Field, Valley Stream, Long Island, New York. All 117 women pilots at the time were invited to assemble for mutual support, the advancement of aviation and a central office to keep files on women in aviation. Louise Thaden was elected secretary and worked to keep the group together as they struggled to establish themselves and to grow. Those early purposes continue to guide the organization today.

In 1931, Amelia Earhart was elected the first president, and the group selected the name "Ninety-Nines" to represent the 99 charter members. Membership was immediately opened to other women as they became licensed pilots. In recent years membership has been opened to include women with student pilot certificates.

EDUCATIONAL & CHARITABLE PROJECTS

The Ninety-Nines' mission in the fields of aviation and aerospace is primarily

educational and charitable. Currently, among a long list of activities, Sections and Chapters sponsor aerospace workshops for teachers and students, airport tours, fear-of-flying clinics for airline passengers, right-seat seminars and flight instructor revalidation seminars.

Always at the forefront of aviation education, The Ninety-Nines became the first industry member on the Federal Aviation Administration Safety Team (FAAST). The goal of this program is to provide a positive safety culture within the aviation community.

Members in the U.S. have worked with the National Intercollegiate Flying Association student flying competitions since 1948 as judges, scorekeepers, and teachers, as well as providing funding assistance. Expertise gained from working with the NIFA organization led The Ninety-Nines to sponsor the U.S. and Canadian Precision Flight Teams, as well as participate on the international level as judges for world precision flying competitions. In 1985 and again in 1996, The Ninety-Nines hosted the World Precision Flying Competition—the first organization to do so more than once.

Other international-level activities have included hosting two World Aviation Education and Safety Congresses in India in 1985 and 1993, and one in Nepal in 2000.

November 2, 1929 – Organizational meeting for what would become The Ninety-Nines, Inc.

In 1984, the organization received the National Aviation Hall of Fame Spirit of Flight Award for "outstanding contributions to progress in aviation and space," and in 2000 was inducted into the Oklahoma Air & Space Museum Hall of Fame. In 2001, the National Aeronautic Association honored The Ninety-Nines with the prestigious Frank G. Brewer Trophy for aerospace education.

In 2010 and 2011, The Ninety-Nines were awarded grants by the Lightspeed Aviation Foundation for charitable activities based on votes from the aviation community. The organization was honored again in 2014 when it was inducted into the San Diego Air and Space Museum.

MUSEUMS

In 1984, the organization purchased the Amelia Earhart birthplace located in Atchison, Kansas, through a generous gift from Dr. Eugene Bribach. The Ninety-Nines, along with the City of Atchison, implemented an ongoing effort to fully restore the home to reflect the 1897-1909 period of Amelia's childhood.

The 99s Museum of Women Pilots, located on the grounds of Will Rogers World Airport in Oklahoma City was dedicated in July of 1999. Today, it houses one of the largest collections of records and memorabilia about women and aviation outside of the Smithsonian.

MENTORING

The 99s Professional Pilot Leadership Initiative provides mentoring to accelerate the advancement of women in all pilot professions. It provides highly motivated 99s members with the tools to develop their careers and leadership abilities through guided activities and formal mentoring partnerships with experienced women pilot professionals.

SCHOLARSHIPS

Each year, the organization awards two different types of flight training awards through the Amelia Earhart Memorial Scholarship Fund which was established in 1941. The AMESF Flight Training Scholarships go to qualified members for advanced flight training, coursework in specialized branches of aviation or for specialized research to expand knowledge about women in aviation and

aerospace. In 2017 two Research Scholar Grants were awarded in addition to 23 flight training awards worth over \$183,000. In the Fall of 2016 and the Spring of 2017 38 Fly Now Awards were made to student pilot members of the organization. Those awards which help them obtain their initial pilot certification totaled \$170,500.

Through the years funding for these scholarships have included member contributions, Perpetual Scholarships in honor of or in memory of members and major industry support from United Parcel Service. In addition to the Amelia Earhart Memorial Scholarship Fund scholarships, a number of Chapters provide local scholarships to benefit women seeking their pilot certificates or other ratings.

AWARDS

The Katharine Wright Trophy. This trophy, honoring the sister of Wilbur and Orville Wright, is presented jointly by The Ninety-Nines and the National Aeronautic Association (NAA) to a woman who has made a personal contribution to the advancement of the art, sport, and science of aviation and space flight over an extended period of time.

The Ninety-Nines Award of Merit honors nonmembers or organizations making significant contributions to aviation, education, science, or history, or to The Ninety-Nines, Inc.

The Ninety-Nines Awards of Achievement (3) recognize Ninety-Nines, Sections, or Chapters or others making significant contributions to aviation, humanitarian efforts or to The Ninety-Nines, Inc.

The Ninety-Nines Award of Inspiration is a special recognition from the Board of Directors to an individual, group, organization or agency whose participation, achievements or activities have had a significant impact on The Ninety-Nines, the world aviation community, or the art and science of aviation or aerospace.

The President's Award honors those Ninety-Nines who, in the estimation of the President, have gone above and beyond in their service to the organization in a given year.

The George Palmer Putnam Award, named after Amelia Earhart's husband, recognizes the exceptional support of individuals or a group.

NINETY-NINES PRAYER

Oh, Lord, it is good to be able to fly,
to share with your winged creatures the joy of our freedom of flight.

We thank you for your wondrous natural laws that lift our wings skyward and we thank you for the courageous pioneers who first mastered those laws so that all of us could fly through your friendly skies.

But as we soar high above this beautifully jeweled island home we call Earth and survey its glory as few others can, heighten, Oh Lord, our appreciation for the beauty of your creation, and increase our dedication to care for it.

And we beseech your presence with each of us whenever we are airborne. Keep us steady when we find ourselves suddenly "on top" and our human balances begin to play tricks on us.

Keep us alert when our throttles are at cruise, but our minds become lulled into idle, and keep us safe as we gently return to the earth from which we came.

We believe you are with us, Lord, but help our disbelief. Stay close by us and show us the way, for it is so good to be able to fly.

Reverend Robert S. Layne, Aviation Leaders Banquet, August 14, 1971

AMELIA EARHART

1897 – 1937

Having just eased past our Amelia's 120th birthday, its fun to imagine what she would be flying today. Surely she'd be putting some factory's exotic tri-jet through its paces. And of course she'd have already landed on the moon. Why do we still have such high regard for Amelia Earhart and her importance to those of us who call ourselves aviators?

The women who flew the 1929 Powder Puff Derby in the fragile and non-electronic fabric airplanes, had the grit and determination to meet the challenge of navigating via compass and railroad tracks. Arriving at the finish line, the women gathered under the grandstands to address the need for a formal organization of women

pilots to help each other land jobs flying airplanes. Neva Paris organized the group and Louise Thaden managed (as well as a group of women pilots can be "managed") and they first selected a name – something more dignified than the silly suggestions "Gadflies", "Bird Women" and "Skylarks" – deciding on the number of charter members. Ninety-Nines Club it was.

Amelia Earhart was elected The Ninety-Nines' first President, with a charismatic though rather shy style. She had been the first woman to fly across the Atlantic Ocean, though she was quick to point out that she'd been a "mere" passenger. Mere? Amelia was (self) challenged to do the next crossing

herself, despite the general belief that such a flight was too dangerous for a woman. She set seven women's speed and distance records in 1935 and dedicated herself to prove that women could excel in aviation. She "gave back" by becoming a career consultant at Purdue University. The school reciprocated by providing her Lockheed in which she set out to circle the planet earth.

Quiet Amelia would shout out a resounding hurrah if she could see her "girls" today flying everything – from military and airlines to spacecraft. Thanks Amelia for your guidance and leadership.

"Some of us have great runways already built for us. If you have one, take off. But if you don't have one, realize it is your responsibility to grab a shovel and build one for yourself and for those who will follow after you."

-- Amelia Earhart

Award of Achievement for Contributions to The Ninety-Nines

Kate Macario went from never being a passenger to being a pilot, a secret that she kept from her father. Twelve years later she joined The Ninety-Nines and that was in 1955. Though active in many aviation organizations, the Aero Club of Pennsylvania, the Experimental Aircraft Association, Women in Aviation and the Air Race Classic, she has found time to hold a position in every office of her Ninety-Nines Chapter. Currently she is Membership Chairman in the Eastern Pennsylvania Chapter. Kate has been the faithful editor of the Chapter's monthly *Flight Lines*. As editor, she endeavored to spread the distribution list further and wider than her Chapter. She has seen her Chapter grow to 100 members. She also tirelessly recruits for The Ninety-Nines at aviation events through her airport contacts and through every other opportunity that presents itself.

She also chairs the Pennies-A-Pound event which raises scholarship money providing rides to members of the community that might not be exposed to the world of general aviation. She strives to share her passion with every woman she meets. Kate has generously helped and mentored women who needed assistance in their pursuits in aviation.

Kate is part of The Greatest Generation. She makes introducing others to aviation her passion. Her life is epitomized in her accomplishment for The Ninety-Nines.

Award of Achievement for Contributions to Aviation

Dianna Stanger demonstrates incredible commitment to General Aviation and particularly to public benefit flying by her leadership, her financial commitment, and her personal involvement. She invests her leadership through her Chairmanship at Angel Flight South Central (AFSC), in the Board of Directors of the Air Race Classic (ARC), as Past President of The Whirly-Girls, as a member of the AOPA Board of Visitors as well as through her membership in The 99s, Helicopter Association International, Women in Aviation International, AOPA, National Business Aviation Association, Experimental Aircraft Association, Classic Jet Aircraft Association, and Racing Jets Incorporated.

Significant in terms of impact Dianna works to ensure that General Aviation and public benefit flying thrives into the next generation by introducing upwards of 2,000 children to the wonders of flight through school programs at her local airport and by personally piloting introductory flights for young women through the Institute of Women of Aviation Worldwide International (iWOAW). The Texas-based aviator has single handedly introduced over 2,300 girls of all ages to flying, more than any other pilot, male or female, in the world since embracing the Fly It Forward Challenge® in 2011.

Dianna got her rotorcraft rating in 1994, followed by her fixed wing in 1995. Commercial Pilot-Single Engine Land and Sea, Airplane Multiengine Land, Commercial Rotorcraft-Helicopter, Instrument

Airplane and Helicopter, RA390-S Type Rating and Authorized experimental aircraft AV-L39, AV-L139. She is currently flying her grandfather's 1942 UPF-7 which she completely restored, a Eurocopter EC135, an L-19 Bird Dog, a Cessna Caravan, an Aero Vodochody L-139 (a one of a kind), an Aero Vodochody L-39, a Hawker-Beechcraft Premier, a Lancair Legacy, and a Lancair Super Legacy.

As the Airport Manager of the Calhoun County Airport since 2008, it took Dianna just six months to achieve the honor of Airport of the Year which is awarded by the Texas Department of Transportation. Using the Calhoun County Airport as a stage, each year she has aviation professionals from around the globe assist in representing all aspects of aviation to over 350 sixth graders from Calhoun County ISD. To give an insight into how successful the annual field trip to the airport she manages, students voted to visit the airport versus attending a water park!

Following her wins of the Air Race Classic (ARC) in 2012 and 2014, she created a scholarship with the winning money. Dianna also participated as a mentor in the Women Soar You Soar program in 2015. This program held at EAA's AirVenture, provides education and mentoring for girls who have targeted aviation as a career path.

Dianna's selfless commitment to aviation has been recognized by many awards, to include the Endeavor Award for her leadership and service in Public Benefit Flying, the 2017 Diamond Award from The Whirly-Girls, and Most Dedicated Female Pilot Worldwide from iWOAW several years in a row.

Award of Achievement for Humanitarian Efforts

Sabina Shrestha has been flying in Nepal since 1999. She was the fifth woman to become a licensed pilot in Nepal. Her career started with flights in the Twin Otter, flying people and cargo to remote areas of the country. Most of the airfields she flew to were not paved. She remembers people gathering to see a lady pilot. In a developing country like Nepal where education for women was still not generally provided, they were amazed to see a lady in the cockpit.

Having flown the Twin Otter, the Saab 340B, and the Jetstream 4100, she has a total of 12,000 hours. She was the third woman to become a licensed Captain in Nepal. Sabina is married and has a child. She says, "I have a supportive family. I have various roles in my life as a mother, a wife, and an aviator. I have never stepped back from my career. I have always aimed to fly high and have encouraged my fellow countrymen of Nepal to see that there is nothing impossible and to work without regard to gender. I have always wanted to achieve a position that was normally seen as one that men can reach, but that has been seen as impossible for women."

On the day that the first devastating earthquake hit Nepal, three planes were in the air over Kathmandu. Just after entering Kathmandu valley, she contacted air-traffic controller as is usually done to request permission and guidance to land aircraft. She did not hear back and there was no reply at all for some time until shocking news that a massive earthquake hit

Kathmandu. Sabina saw the city was covered all over with dust. She had to hold the aircraft for about 45 minutes, fuels dwindling, after which she was in contact with a helicopter pilot who was taking off from the airport for rescue purpose. He immediately checked the run-way and said he didn't see any crack and Sabina made the decision to land. She saved many lives that day.

Hundreds of thousands of people were made homeless in no time. This was a dark moment for all of them but they remained strong and started rescue and medical services immediately. The 99s visited many villages and disaster effected areas distributing tents, food, clothes and medicines. They provided relief efforts to build a road to the small village of Sinche. Continued aftershocks throughout Nepal did make their effort difficult, but it never stopped them from helping each other.

Sabina says, "As an aviator I have learned a lot, and I still have a lot to learn. As Governor of the Nepal Section of The 99s, the Nepali 99s come together to do new things." They have been providing scholarships to girls in remote areas of Nepal. Under her supervision they recently conducted an interactive program between all Nepal's pilots and ATC on the subject of Safety in Aviation. They have improved conditions at smaller airports making drinking water available and sanitary facilities for pilots and passengers.

Sabina has demonstrated incredible humanitarian efforts. We are so proud to have her amongst us.

Award of Merit

Sean Tucker is an air show extraordinaire, a humble, engaging and passionate force in aviation. His positive attitude, one of incredible enthusiasm, rubs off on all around him. He is supportive of the Monterey Bay Chapter of The Ninety-Nines from attending meetings to speaking on flying safety.

Sean has partnered with Tutima Instrument Watches developing the most in-depth study of aircraft control ever offered.

He is the current Young Eagles Chairman for EAA which sparked his desire to launch a program called *Every Kid Can Fly*. The program focuses on at-risk teens, taking them on a journey through the science of aviation to discover the understanding required to fly an airplane. Sean lights up the room as he speaks to a room of young people. The kids are important to him for he realizes his is a role model they take seriously. His enthusiasm excites the kids to embrace the unknown and rise to the challenges rather than shrink from the unknown. The program received a Cessna 152 for the flight training. The program involves 40 hours of ground school and 20 hours of dual instruction in aircraft from Cubs to Extra aerobatic trainers. While soloing is the tangible goal for the program, the real adventure is of the mind that prepares the students for their future cultivating self-discipline. Sean believes the experience of soloing provides the sense of achievement that can put kids on the right path for life.

George Palmer Putman Award

Art Phillips is the recipient of the George Palmer-Putnam Award. He has been a long-time admirer of The Ninety-Nines supporting the organization at all levels. He encouraged his wife, Martha, to join back in 1996 and since then Art jumped in to serve as well. He has supported the Ventura County Chapter for over 20 years. When his wife became Governor of the Southwest Section he attended all the section meetings setting up paraphernalia and presentations. He hosted a 49½ breakfast that became a popular request thereafter. When the Section hosted the International Conference in Hawaii Art was tasked with pickups, deliveries of VIPs, transporting of equipment and persons in need. When Martha became International Treasurer, he began to attend the International Conferences regularly, always helping where needed. At home Art edited those necessary pages the President must write. He is a great help in the kitchen to the extent he prepared meals for the IBOD in Oklahoma City.

Art was also President of the local Navy Flying Club at Pt. Mugu. He not only gave Familiarization Flights to the Air Traffic Controllers, he made sure that 99s were given VIP treatment at the base to tour the facilities there and arranged a demonstration of a Precision Radar Approach, which several had never seen before.

He has been involved in the local Wings Over Camarillo Airshow securing the prime space for 99s information, raffle, silent auction, and pancake breakfast booth. He has displayed his culinary skills to many being the chief chef at the summer recruitment picnics, serving up tri-tips, chicken, and chili for over 15 years.

Once when at headquarters a storm came up. Art decided it was a video-photo opportunity. He recorded the building being damaged as the Oklahoma torrent visited. His video proved to the insurance company what indeed happened and resulted in the headquarters recovering all to be repaired.

Award of Inspiration

From 1942 to 1944 the WASP were the first women to fly military airplanes for the Army Air Force in WWII. In 1944 at the age of 23 **Bernice "Bee" Falk Haydu** started the 7-month training program (almost identical to that of the male cadets) at Avenger Field, Sweetwater, Texas. After being graduated she was stationed at Pecos Army Airfield, Pecos, Texas which was a UC78 and AT17 (twin engine aircraft) advanced training field. Her tasks were engineering testing and utility pilot. The WASP were disbanded December 20, 1944.

Bee continued flying after the WASP disbanded. She was a flight instructor, had a ferrying business, a Cessna dealership and was part owner of a flight school. She met her husband, Joseph Haydu, who had been a PT17 Stearman instructor for 3½ years in WWII. They had 3 children, Joe, Steve and Diana (Potter). They both continued to fly until their late 70's, having owned 28 different types of planes. Joe died in June 2006 at 90.

Not knowing if women pilots could handle military aircraft and army life, the WASP program was an experimental one with the promise that if it was successful, they would be taken into the Army Air Force.

The program was successful with women flying every aircraft manufactured for WWII from the smallest to the largest, even the B-29. In 1944 a bill was presented to Congress to take them into the Army Air Force and give them military benefits. When the time came to vote, lobbying efforts on the part of male pilots and cadets prevented this from happening. As President of the WASP organization from 1975-1978, Bee lead the fight in Congress to recognize the WASP as veterans of WWII as had been promised. The Bill was signed into law by President Carter November 23, 1977. While many of the benefits were not given, the fact that WASP were recognized and allowed to utilize the Veterans Administration was a help to many.

In 2000 Bee was inducted into the Aviation Hall of Fame in Teterboro, New Jersey. Her original uniform is on display in the Smithsonian Air and Space Museum, Washington, D.C. On March 10, 2010, the WASP were awarded the Congressional Gold Medal. Bee witnessed President Obama sign the bill into law on July 1, 2009.

On March 10, 2012, Bee was inducted into the Women in Aviation International Pioneer Hall of Fame, on April 4, 2014 she was awarded the Wright Brothers Master Pilot Award by FAA and on May 16, 2015 she was awarded an Honorary Doctorate Degree by the Vaughn College of Aeronautics in Flushing, New York.

She has written a book, "*Letters Home 1944-1945*" based on letters her mother had saved. Her website is www.wasplettershome.com.

President's Award

Roberta “Bobbi” Gay Roe has enjoyed being a member of The Ninety-Nines since 1988. Inspired by her own aviatrix mother, a pilot who soloed in the late '20s in Birmingham, Michigan, Bobbi followed her mother's path in adventure and aviation. Bobbi joined the Iowa Chapter of The 99s and has been a member of Finger Lakes, Houston and Greater Seattle Chapters.

Bobbi received her private pilot certificate in 1984 and instrument rating the following year. This gave her the opportunity to belong to several Chapters and meet 99s around the world. In 2002, President Jody McCarrell called Bobbi and asked her to be the Editor of the *99 News*. During that time, *99 News* expanded to 32 full color pages. Bobbi was Editor-In-Chief/Publisher for 15 years.

In 2012, Bobbi was awarded the Amelia Earhart Research Scholarship to digitize 88 years of the membership publication, making the history of 99s members available online for researchers throughout the world. She thinks The 99s history is valuable research material and an important opportunity to recruit new members.

During her flights, Bobbi was inspired by the stories and adventures of other women aviators and decided to publish those stories in a magazine titled *Woman Pilot* for many years. She continues that tradition on WomanPilot.com and with her new eBook series on historical women aviators.

Over her career, she has received lifetime achievement awards, including Chicago Magazine: 100 Women Making a Difference, induction

into the International Forest of Friendship, Founding WAI Board Member Emeritus, the Amelia Earhart Research Scholarship, The Aviator Company Ambassador Award and the Aviation Pioneer Hall of Fame award. She is also a Ninety-Nines Life Member. Her legacy continues with her daughter, Susan, who is currently taking flight training.

“Among all the marvels of modern invention, that with which I am most concerned is, of course, air transportation. Flying is perhaps the most dramatic of recent scientific attainment. In the brief span of thirty-odd years, the world has seen an inventor's dream first materialized by the Wright brothers at Kitty Hawk become an everyday actuality.”

EDITORIAL GUIDELINES

The 99s News team has developed suggested guidelines to help members submit their news articles and photographs in a format that is most compatible with digital publishing requirements. Following the guidelines will help ensure accuracy and improve photo quality in the magazine.

99 News will continue to accept an occasional article in longhand or typewritten submitted by members who do not have access to a computer.

Manuscript Submission

The easiest way to submit Chapter news is to go to The Ninety-Nines website and simply click on 99 News in the "Quick Links" section on the right-hand side of the page, then click on *Reporter's Online Form* directly under the links to the current issue. Fill out the information you wish to submit and click *send it*. It's as easy as that!

Or, submit single-spaced text in Microsoft Word, or similar word processing program, without any special formatting. Use only common fonts such as Times or Arial and do not use headers and footers. This applies to all types of articles.

Please email articles as text attachments and try to avoid typing your article directly into an email message, which results in many extra spaces and those pesky carets (> >).

Your articles may be edited by us for length and clarity prior to publication. Please furnish your name, address, phone number and email address with your submission.

DEADLINES:

January-February issue: December 1

March-April issue: February 1

May-June issue: April 1

July-August issue: June 1

September-October issue: August 1

November-December issue: October 1

Photograph Submissions

In rare instances, we will accept mailed photographs. Please make sure they are adequately identified as belonging to you. Also provide caption information and photographer credit if applicable.

Captions should accompany all photos. Each caption should explain who, what, when, where and other appropriate information. Include photographer credit if applicable.

Photos in black and white or color are acceptable. Digital photos should be taken at the camera's highest setting. Many cameras take photos at a default resolution that may look great on your computer screen but will be fuzzy in print. Set your camera resolution to "Fine" or "Best Quality" (check your manual for specific settings). For smartphone cameras, be sure to use the "High" quality setting, and if available, shoot your photos RAW (again, check your manual for specific settings). We need the highest quality photos in case we

want to enlarge them to use as a feature photo or even cover picture.

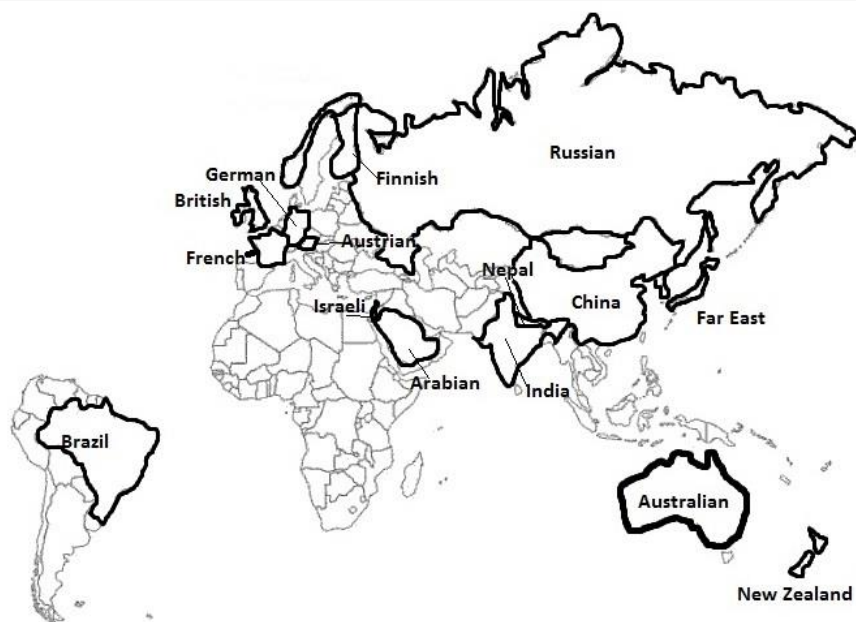

If you are scanning a photo, the setting should be for a photo at 300 dpi. If the photo is very small, enlarge to 200 percent and scan at 600 dpi.

We will adjust photos for color and crop for size as needed for publication.

Important: Try to avoid photos copied from newspapers, magazines or books or are reproduced on a copier. They produce a spotty pattern when published due to the dot system used in the printing process.

Send photo(s) as separate attachments along with your article email. Rename the photo(s) first to identify it with the article.

Do the numbers 6017 mean anything to you?

That was Amelia's certificate number issued on May 16, 1923.

The 99s Museum of Women Pilots have possession of her pilot certificate and it was loaned to the Smithsonian Institute in 2012 for a year long exhibit dedicated to Amelia.

QUOTES ABOUT AMELIA

"Amelia Earhart came perhaps before her time...the smiling, confident, capable, yet compassionate human being, is one of which we can all be proud."
 —Walter J. Boyne

"Amelia is a grand person for such a trip. She is the only woman flyer I would care to make such an expedition with because, in addition to being a fine companion and pilot, she can take hardship, as well as a man, and work like one."
 —Fred Noonan, Amelia's navigator for the around-the-world flight

"Being men and being engaged in a highly essential phase of the serious business of air transportation, they [airline mechanics] all naturally had preconceived notions about a woman pilot bent on a 'stunt' flight—not very favorable notions, either. It was, undoubtedly, something of a shock to discover that the 'gal,' with whom they had to deal, not only was an exceptionally pleasant human being who 'knew her stuff,' but that she knew exactly what she wanted done and had sense enough to let them alone while they did it. There was an almost audible clatter of chips falling off skeptical masculine shoulders."
 —C.B. Allen, *New York Herald Tribune*

Song of the Ninety Nines

In the air
 Everywhere
 It's the song of The Ninety-Nines
 Wings in flight
 Day and night
 With the song of The Ninety-Nines
 On the line
 Fliers fine
 Ships and spirits tuned in rhyme
 Keep that formation over the nation
 With the song of The Ninety-Nines

Sheet music on pages 308 and 309

CHARITABLE GIVING INFORMATION

The Ninety-Nines offers a number of opportunities for tax deductible giving. Contributions may be designated for any of the major projects, for the permanent endowment fund, or for the general support of the organization's operations.

Members are reminded that donations of appreciated assets, such as stock, mutual fund shares, or real estate, may avoid the payment of capital gains taxes by the individual donor. The tax deduction for such contributions is generally the fair market value of the asset as of the date of the donation.

Commemoration gifts may be made to recognize an important event, such as a graduation, anniversary, or other achievement (perhaps the attainment of a goal such as a license or rating). Memorial gifts may honor friends or family members. Gifts may be made for any specific reason or purpose, or for no other reason than to support and honor the gift of flight and the organization which supports us all.

People wishing to include more complex gifts in their retirement or estate plan should discuss their desires with the trustees of the Fund to which they want to donate. Gifts may be structured to provide tax-advantaged retirement income, to provide income for heirs, to provide income to the organization for a period of years with the principal eventually going to other beneficiaries, or to meet just about any other need. The tax advantages of using a charitable organization such as The Ninety-Nines, Inc., in your retirement and estate planning can be substantial. Talk to us.

There are many ways to include charitable gifts in your will or trust, including specific dollar amount or percentage bequests, contingency or residual bequests, or testamentary gifts. If you want your gift to be used for a specific purpose or program, it is important to mention that in the bequest or gift documentation. Such donor intentions will always be honored when they have been specifically stated.

SUGGESTED BEQUEST LANGUAGE

"I give (devise) and bequeath to The Ninety-Nines, Inc., a corporation chartered in Delaware, having its principal office at Will Rogers World Airport in Oklahoma City, Oklahoma, the sum of \$_____ (amount) (or _____ percent of my residual estate), to be used for _____ (purpose*). If I have not specified a purpose for these funds, or if the specified purpose is no longer associated with The Ninety-Nines, Inc., then these funds will be added to the principal of The Ninety-Nines Endowment Fund."

For additional information, contact any of the trustees of The Ninety-Nines Endowment Fund, the Amelia Earhart Memorial Scholarship, the Amelia Earhart Birthplace Museum, the Museum of Women Pilots listed in The Ninety-Nines Directory or International Headquarters, 4300 Amelia Earhart Road Ste A, Oklahoma City, OK 73159-1140, phone 1-800-994-1929 or 405-685-7969 or fax 405-685-7985. All requests for information will be treated confidentially.

INFORMATION FOR POTENTIAL DONORS OF HISTORIC OBJECTS AND MATERIALS TO THE NINETY-NINES, INC.

The Ninety-Nines, Inc. collects historic materials that support its purpose of preserving and interpreting the history of women pilots. The artifacts collected to tell this story come in many forms, including photographs, manuscripts, documents, and three-dimensional objects and are located at the organization Headquarters (Oklahoma City, OK), in the Amelia Earhart Birthplace Museum (Atchison, KS), or The 99s Museum of Women Pilots (Oklahoma City, OK).

The Ninety-Nines appreciates the potential donation of any of these items, but must be selective in the acceptance of materials. Limitations on space and other resources must be considered when looking at possible donations. The decision whether or not to accept a donation is based on several factors, including the item's condition, history, uniqueness, and relevance to the organization's mission, as well as the organization's capability to properly care for, preserve, store and exhibit the object.

FREQUENTLY ASKED QUESTIONS

How do I donate an item to The Ninety-Nines?

Anyone considering making a donation should first call Ninety-Nines Headquarters to be sure the items are appropriate for the collection. Upon acceptance, you will receive a Deed of Gift form to sign and return, with a copy provided for your records. The objects should then be delivered to Headquarters.

May I specify how the object I donate may be used or displayed?

Exhibit topics, space and preservation concerns determine which artifacts are displayed and for what length of time. All artifact donations are considered outright and unconditional gifts to The Ninety-Nines and must be free of any legally binding restrictions contained in the terms of the gift. The organization cannot display every artifact it holds, yet these objects are of extreme importance for research, education, and preserving the heritage of women aviators.

Is my donation tax-deductible?

The Ninety-Nines recommends that you speak to your tax attorney concerning the deductibility of any donation. In many cases, donations are considered tax-deductible. The Ninety-Nines will not provide an appraisal of your donated item.

How do I deliver my donation to Headquarters?

Care should be taken in packaging your donated object for shipment. Wrap objects carefully and ship in a sturdy box. Documents and photographs should be removed from frames prior to shipment to Headquarters, unless the frame is of unusual value or relevance to the object itself. If you have any specific questions about shipment of objects, call Headquarters for more information, and they will have a person with museum expertise get back to you.

"Not much more than a month ago, I was on the other shore of the Pacific, looking westward. This evening, I looked eastward over the Pacific. In those fast-moving days, which have intervened, the whole width of the world has passed behind us, except this broad ocean. I shall be glad when we have the hazards of its navigation behind us."
 — Amelia Earhart, *several days before she left for Howland Island and disappeared*

Amelia

Somewhere a fin on a lazy sea
 And a broken prop on a coral key,
 Somewhere a dawn whos morning star
 Must etch dim light on a broken spar,
 Somewhere a twilight that cannot go
 Till it kisses the surf with afterglow;
 But here, only silence and weary eyes
 And an empty hangar and empty skies.

Somewhere the toss of a tousled head
 In the street of angels overhead,
 Somewhere a smile that would never fade
 As the score reversed in the game she played,
 Somewhere a spirit whose course held true
 To do the thing that it wished to do;
 But here, only silence and weary eyes
 And an empty hangar and empty skies.
